Firr Az That Thang

Jibbs

Firr az that thang
Firr az that thang
Firr az that thang
Firr az that thang
(Firr az that thang)
Firr az that thang
(You know I'm firr az that thang)
Firr az that thang
Firr az that thang
I'm the big big kid, I'm doing big thangs
Ain't what you call big headed but I got a big brain
My lifestyle done changed when I got a little change
Not the attitude but gratitude to this game
You ain't seen nothing blinging until you've seen my chain
'Cause the younging be balling harder than NBA
I get twist for cat?s for one eye, disappearing in my face
Everybody snapping photos tryna get my face
'Cause I'm sort of like a local, I'm on top of my game
And the way I spit on records, I'm firr as a flame
So you know I keep a chick that's firr az that thang
I got a iced out grill with a iced out watch
With them Nike checks on, my shoes and socks
And my ear is like an alley 'cause it's full of rocks
I'm a key to the game and I got it on lock
Firr az that thang
(You know I'm firr az that thang)
Firr az that thang
(You know she firr az that thang)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang
(You know I'm firr az that thang)
Firr az that thang
(You know she firr az that thang)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang

(What's that thang? What's that thang, boy?)
Firr az that thang
See this my year, I'm about to start a new thang
Four bottom, white gold with them iced out thangs
Make that charger sound almost like a train
Cruising to the hood on the highway
And we switching lanes
I stay fresh, I stay fly in the best clothes
Like the best bowls, wrist gets tech low
A funny guy I?m all the girls? heartthrob
Smoke never rocking square pants like sponge bob

I'm sick with the flow 'cause I?m the hottest
Get to my door and I ain't speaking when they knocking
It?s just about my time to shine
So don?t get your eyes wet
'Cause my shine will blind
I got everybody moving this year
'Cause I own two planets the sun and moon in my ear
Half yellow half white
And it ain?t no game 'cause your boy Jibbs is
Firr az that thang
(You know I'm firr az that thang)
Firr az that thang
(You know she firr az that thang)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang
(You know I'm firr az that thang)
Firr az that thang
(You know she firr az that thang)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang
She saw the bottom of my grill, said I was firr az that thang
She said she pictured me as being firr az that thang
Told her to come and call a friends firr az that thang
Can?t be no less than a the T H E firr az that thang
Your boy rocking in a lexus firr az that thang
Fine cuts and VVS?s firr az that thang
Want to get it with me firr az that thang

I don?t care what y?all saying she firr az that thang
Firr az that thang
(You know I'm firr az that thang)
Firr az that thang
(You know she firr az that thang)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang
(You know I'm firr az that thang)
Firr az that thang
(You know she firr az that thang)
Firr az that thang
(What's that thang? What's that thang, boy?)
Firr az that thang
(What's that thang? What's that thang, boy?)
