Move

Kaila Yu

We move in the club
So I shake my stuff
Like this, in the club
Do you wanna come and danceDance in the club
So I shake my stuff
Like this, in the club
So youll wanna come and danceHey boy, Ive seen you staring at me all night long
Wont you come close promise that I wont bite
Just want to move our bodies to this song
So we can dance all night longMove, our bodies shaking as we listen to the melody
I know you like it
Move, our bodies closer so that you can feel me trembling
Im tremblingWe move in the club
So I shake my stuff
Like this, in the club
Do you wanna come and danceDance in the club
So I shake my stuff
Like this, in the club
So youll wanna come and danceHey, I feel the rhythm and its shaking every part of me
I want you closer so that you can feel all of me
Im feeling sexy and erotic when youre touching me
I bet youre thinking how you wish you would be fuc. me
Its ok to fantasize about me
I just want to see you move your bodyWe move in the club
So I shake my stuff
Like this, in the club
Do you wanna come and danceDance in the club
So I shake my stuff
Like this, in the club
So youll wanna come and danceWe move in the club
So I shake my stuff
Like this, in the club
Do you wanna come and danceDance in the club
So I shake my stuff
Like this, in the club
So youll wanna come and dance
