# Remembrance

## Paradise Lost

I am the one to which you'll go
You are the one from which I'll run
Fading to gray, the wanton prayYou'll find shelter, I'll find none
I'll leave your pointless life undone
Breaking your days, my anguish staysFate, fate of my laughter, the loss of your sight
Hate, hating the vicious lies, I will revel insaneI see your face, I've seen your face
I turn and run, you'll have no place
