Get Me Through the Night (Chill Mix)

JES

For every feeling that burns inside you all night
I feel this silence all around me and I'm side swipedI hear you leaving
It's like the night is calling you
Hey hey
Think twice...Just get me through the night
Get me through the night
Get me through the nightGet me through the night
Get me through the night
Get me through the night
I won't fall
No, I won't fall to pieces
Cause it's true
I won't fall
No, I won't fall to pieces
Just get me through the night
Get me through the night
Get me through the nightStumbling footsteps sound like thunder head on
And the rain will break this spell I'm under from now on
You're the reason
That my fight is never through
Hey hey
Think twiceJust get me through the night
Get me through the night
Get me through night
Get me through the night
Get me through the night
Get me through the nightI wont fall
No, I won't fall to pieces
Cause its true
I won't fall
No, I wont fall to pieces
Though it's true
Just get me through the night
No, I wont fallGet me through the night
Get me through the night
Get me through nightGet me through the night
Get me through the night
Get me through the night
