Plumb Line

Kelly Joe Phelps

Let a wind mill blow
I want to feel the wave beat hard against me
Let a wind mill blow
This dust out of my head

Let a steeple ring
I want to hear the sound that's not me thinking
Let a steeple ring
This dirt out of my bed

[Chorus]
Strap on, shake it for a hoedown
Beat down on a wooden drum
Laugh hard till hard is gone
And that old trouble run

Let a baby yell
Simple thing like a nail in a driveway
Let a baby yell
This dust out of my head

Give an old man grumble
Wave the tag and bag the coat back
Give an old man grumble
Sweep the dark away

Lay a high boot heel
Swing that skirt from knee to elbow
Lay a high boot heel
And walk away

[Chorus]

Take a rail car whine
Tuck it down behind the silver
Take a rail car whine
A song as sure as I
