Lost City (Pussy Version)

Cable35

In a lost city
waiting for you.In a lost city
praying for you.Now I'm trapped alone
seeking the truth.I'll wait around for you
wating.And there's something hidden
in a dark room
for you.
In a dark room
for you.
In a dark room
for you.Come onIn a lost city
wating for you.In a lost city
now i hate you.Breaking all the rules
seeking the truthI'll wait around for you
wating.And there's something hidden
in a dark room
for youI can feel youlike acid through my veins
burning my faith.Closing in on me.
Falling down on me.
Coming down on me.
closing in onCome onHave I wasted my time?
Have I wasted my time?
Have I wasted my time? your time? no time!
Have I wasted my time? your time? no time!
Have I wasted my time? your time? no time!
Have I wasted my time?
