Hotter

Melanie B

1st
verse
will
go
here
But if you were me you
(Better better)
Are you gonna make me
(Hotter hotter)
Baby can you make me
(Hotter hotter)
Make me - hotter hotter
Make me - hotter hotter
Baby
Baby can you, make, make me hotter (make me)
Baby can you make - make me hotter (I wanna know, tell me)
Baby can you, make, make me hotter (can you make me hot, baby)
Baby can you make - make me hotter (I wanna know, I need to know)
Baby - you need to just stop
I don't care - how much money you've got
I wonder if you can, make me hot
You can, make me hot
You can, make me hot
Just physically (oh)
Emotionally, mentally (yeah)
Baby that's my fantasy (my fantasy)
Give me something good to see (give me something)
I want you baby (oh please baby)
Baby can you, make, make me hotter (can you make me)

Baby can you make - make me hotter (oh-whoa)
Baby can you, make, make me hotter (gotta tell me, gotta tell me)
Baby can you make - make me hotter (I need to know, oh)
Fools just don't impress me, so you know
(You need to just stop)
I don't care
(How much money you've got)
Do you want my body to be all
(Ooooooooh)

All yours
I need a simple man
(I need)
Knows how to treat me right
(Treat me)
To keep me satisifed
Make love all through the night
Someone to make me (hotter)
Ooooh-ooh-whoa (hotter)
Baby, can't you make me hot-yeah
Can you make me...
Baby can you, make, make me hotter (tell me, oh-ooh)
Baby can you make - make me hotter (oh-ooh-ooo-oo)
Baby can you, make, make me hotter (can't you, make me hotter)
Baby can you make - make me hotter (I gotta know, I gotta know)
Baby can you, make, make me hotter (yeah, don't you lie to me)
Baby can you make - make me hotter (tell me the truth, tell me that you wanna do)
Baby can you, make, make me hotter (it's all up to you, tell me that you wanna do)
Baby can you make - make me hotter (make me hot for you, baby, ow!)
