Be Mine

The Rulers

[Minzy]Though you?re always cold
Though your words are always short,I know
Don?t hide what your heart?s striving for
[CL]Now,you?ve already hid for so long
Show me your sincerity
That it?s only me for you
[Dara]All i wanna do is just be with you
Even if time passes by don?t fade away
[Minzy]Hold on to this moment
This is what i?ve been waiting
[Bom]So just shut up and be mine
Don?t wait any longer
It comes with no voice,it?s a love that goes
I?m afraid that it might disappear
[CL]So just shut up and be mine
It?s here in front of me
Dont hesitate,grab my hands right now
We?ll make it through anything you?re the one i?ve been
[Dara]All i wanna do is just be with you
Even if time passes by,dont fade away
[Minzy]Hold on to this moment
This is what i?ve been waiting

[Bom]So just shut up and be mine
Don?t wait any longer
It comes with no voice,it?s a love that goes
I?m afraid that it might disappear
[CL]So just shut up and be mine
It?s here in front of me
Dont hesitate,grab my hands right now
We?ll make it through anything you?re the one i?ve been
[Bom]Waiting for so long so long so long
Wanna be in your arms your arms
You?re in my dreams for so long
[Minzy]Under the blue sky,
Im free like a bird
I wanna go higher and further
Only if you?ll be with me
[Bom]So just shut up and be mine

Don?t wait any longer
It comes with no voice,it?s a love that goes
I?m afraid that it might disappear
[CL]So just shut up and be mine
It?s here in front of me
Dont hesitate,grab my hands right now
We?ll make it through anything you?re the one i?ve been
Waiting for so long
