State Of The Union (Live At The Troubadour)

Rise Against

If we're the flagship of peace and prosperity
We're taking on water and about to fuckin' sink
No one seems to notice, no one even blinks
The crew all left the passengers to die under the seaCountdown, to the very end,
Equality, an invitation that we won't extend
Ready aim, pull the trigger now,
In time you firmly secure your place in hellState of the union address,
Reads war torn country still a mess
The words: power, death, and distorted truth
Are read between the lines of the red, white, and blueCountdown, to the very end,
Equality, an invitation that we won't extend
Ready aim, pull the trigger now,
In time you firmly secure your place in hell
