

# Whatever It Takes

Jeffrey Miller

Verse: You make me wish I had a time machine so i could reach you bring you near to me and you make me wish we were on the moon i would stop gravity to be close to you

Pre chorus: Do you hear me, can you hear me

Chorus: Whatever it takes I will find you let the earth quake I'd weather it to be with you whatever it takes whatever the stakes I will change time to when you were mine

Verse: We can escape the judging eyes that paralyse and we can escape the emphasis we place on time and we can escape the unspoken war we've seen before that brought us to this place

Pre chorus: Can you hear me, do you hear me

Chorus: Chorus: Whatever it takes I will find you let the earth quake I'd weather it to be with you whatever it takes whatever the stakes I will change time

Bridge: And i don't know what to do but I can't leave this room Ive created all these pieces all these phases all these places but time hasn't moved what I gotta do.

Chorus: Whatever it takes I will find you let the earth quake I'd weather it to be with you whatever it takes whatever the stakes I will change time. Chorus: Whatever it takes I will find you let the earth quake I'd weather it to be with you whatever it takes whatever the stakes I will change time to when you were mine
