Don't Die

State Shirt

enter the unknown
it's not overblown
when will i move back home?
the years have been thrownit's not alright
it's much too bright
turn around
don't follow the soundend it right now
wasted life i allow
when will i move back home
the years have been thrownit's not alright
it's much too bright
turn around
don't follow the sound
stay away
from the bright sun ray
please believe
yourself todaydon't die on me
don't die on meend it right now
wasted life i allow
when will i move back home
