No Better Place

Tessah Dunn

I look up to the stars and I see
What you are saying to me
I've never been so close to eternity
I look up to the moon and back
It's your love that has kept me on track
And there's no other love in these __ that could keep me alive

There's no greener grass than where I'm standing
No better place than where I am
And I know what I'm sayin'
And I know it's the truth
That there's no better place in this world
Than when I'm with you

I look up to the sky and you smile
You breathe and the clouds swim for miles
And this grass is so soft I could stay here and lay here
I look up to the clouds and it rains, oh
Still I see your face

And there's no other eyes that could make me look away
There's no greener grass than where I'm standing
No better place than where I am
And I know what I'm sayin'
And I know it's the truth
That there's no better place in this world
When I'm with you

(Bridge)
Stop the time
I can't leave this way
Please don't take one more step
Oh, please, don't go away
Hear me know
I'm gonna scream as loud as I can

Cuz I love you and I need you
I love you and I need you
And I need you to understand
There's no greener grass than where I'm standing

No better place than where I am
And I know what I'm sayin'
And I know it's the truth
That there's no better place in this world
When I'm with you
