Face To The Floor (Album Version)

Chevelle

To pick up the tip
Doesn't mean a lot,
Fiddle inside your drawersIf we own the night
Then spread it out
Or pack up
Without a clueWell
Caused by their own
When by default
Time to vÃ¡monosLike your face
Getting forced
To the floorThen I got a taste
Of the benefits
Five foot
And changeThere's no better way
To hash it out
So let's set up
Your time to failWell
Course now the cracks
Should we intervene
I hold this albatrossLike your face
Getting forced
To the floor
And either way
You're way too close
To it allPay up, never
Wait 'em out
Clever, Madoff
Take it all
Take it all(Your, mouth, blessed)Take 'em all the way
Right back down(Clue, less, mess)Pay up, never
Take it all
Take it allLike your face
Getting forced
To the floor (In a league of your own)
And either way
You're way too close
To it all (You cannot veto the world)Like your face (like your face)
Getting forced (getting forced)
To the floor (In a league of your own)

And either way (and either way)
You're way too close
To it allToo close to it all
