Wake

Brothertiger

Time and again, I'm rushing to the end
I could never really figure you out
When it comes to this, I'd rather reminisce
Cause reality is wearing me down
Open up your eyes to the sunlight breaking the dawn
When the night draws out and my hopes are gone
This fire's still burning right into my bones
I don't wanna stick around in this town anymoreThe waking form surrounding the earth
Your debts are gone in the sunny morn'
The waking form surrounding the earth
Drowning in the water, filling me up
Filling me up
Open up my lungs, to breathe, I have begun
As I go, they're screaming night in the dawn
I calibrate the sun, and follow everyone
To find I'm barely hanging on
Open up your eyes to the sunlight sun in the morn'
As the light endures like you did before
These skies are still turning, oh into the shore
I don't wanna stick around in this town anymoreThe waking form surrounding the earth
Your debts are gone in the sunny morn'
The waking form surrounding the earth
Drowning in the water, filling me up
Filling me upYou are in trouble
You try, in trouble
You try, in trouble
The waking form surrounding the earth
Your debts are gone in the sunny morn'
The waking form surrounding the earth
Drowning in the water, filling me up
The waking form surrounding the earth
Your debts are gone in the sunny morn'
The waking form surrounding the earth
Drowning in the water, filling me up
