Amazing

Danny Saucedo

""I'm feeling great
I'm feeling awesome
And I can't wait
Gotta get movin'
Shake the stress away
Something is on the edge tonightIt's like a force
Pullin' me in
it's getting stronger from within
Taking me higher
We're comin' alive
Tonight we'll be lighting up the skyI'm feelin' great
I'm feeling awesome
let me explain
You are the reason I breathe
You're
AMAZING
AMAZING
You're
A A A A-MAZINGI'm feelin' great
Right here beside you
that's where I will stay
You are the reason I breathe
You're
AMAZING
AMAZING
You're
A A A A-MAZING / thats what you areUp to the sky
Cut trough the clouds and dive
back into the night.
Don't be afraid, you just follow the light.
There is no stopin' us tonightIt's like a force
Pullin' me in
it's getting stronger from within
Taking me higher
We're comin' alive
Tonight we'll be lighting up the skyI'm feelin' great
I'm feeling awesome
let me explain
You are the reason I breathe

You're
AMAZING
AMAZING
You're
A A A A-MAZINGOoooh
Ooooh
You're
AMAZING
AMAZING
You're
A A A A-MAZINGOoooh
Ooooh
You're
AMAZING
AMAZING
You're
A A A A-MAZINGI'm feelin' great
I'm feeling awesome
let me explain
You are the reason I breathe
You're
AMAZING

You're
A A A A-MAZINGThat's what you are"
