And the Singer Sings His Song

Neil Diamond

Young it was
True it was
Days without wond'ring
Fall with a special thing
Laugh, I could laughAnd I did
And the singer sings his song
And the children dance along
And the singer sings his song
And we dance alongGood it was
When it was
We chased the flowers
Warm summer showers
Once, it was onceLong ago
And the singer sings his song
And the children dance along
And the singer sings his song
And we dance along
Once, it was once
