Money

Vitamin C

Money makes the world go round
(World go round, the world go round)
Money makes the world go round
(World go round, the world go round)
(Money)Money makes the world go round
(World go round, the world go round)
It doesn't matter if you're up or down
('Cause money makes the world go round)Say what you will but you know it's true
(No hundred dollar bill, no fun for you)
Dream of your life as your days go by
(Trapped in a job 'til the day you die)Those with the dollar are those with the power
(Getting more clearer every minute and hour)
Keep on your path hanging on by a thread
(With anyone's luck you might get ahead)Money makes the world go round
(World go round, the world go round)
Money makes the world go round
(World go round, the world go round)
(Money)Money makes the world go round
(World go round, the world go round)
Doesn't matter if you're up or down
('Cause money makes the world go round)Say what you will but you know it's true
(They're do different from me and you)
Got no credit and you got no cash
(Living the high life, living so fast)Stare at the sky and wish upon a star
(You gotta dream that'll take you real far)
Scratch at your head and you toss in your bed
(You just can't escape these words she said)Money makes the world go round
(World go round, the world go round)
Money makes the world go round
(World go round, the world go round)
(Money)Money makes the world go round
(World go round, the world go round)
Doesn't matter if you're up or down
('Cause money makes the world go round)I wish it was love, I wish it was love
I wish it was love but it's not, it's money
I wish it was you, I wish it was me
I wish it was us but it's not, it's moneyMoney makes the world go round
(World go round, the world go round)
Money makes the world go round

(World go round, the world go round)Money makes the world go round
(World go round, the world go round)
Doesn't matter if you're up or down
('Cause money makes the world go round)I wish it was love
(Money)
I wish it was love
I wish it was love but it's notDoesn't matter if you're up or down
('Cause money makes the world go round)
'Cause money makes the world go round
(World go round, the world go round)Money makes the world go round
(World go round, the world go round)
Money makes the world go round
(World go round, the world go round)
Doesn't matter if you're up or down
