Explorers

The Paramedic

Once I hoped to seek the new unknown
this planet's overrun; there's nothing left for you or for me
Don't give in, we can walk through the fields
and feeling nature's glow
But all the land is owned, there's none left for you or for me
Who will win? 'cause I concede
Free me, free me, free me from this world. I don't belong here
It was a mistake imprisoning my soul
Can you free me, free me from this world?
A world lush and blue, with rivers running wild
they'll be rerouted South, with none left for you or for me
Don't give in and hear the engines roar
and save our crops from drought
but when the black gold?s in doubt
There's none left for you or for me

Fuse Helium-3, our last hope
Free me, free me, free me from this world. We don't belong here
It was a mistake imprisoning our souls
Can you free me, free me from this world?
Free me! I'll free you, free us from this world!
we don't belong here
It was a mistake imprisoning our souls
Can you free me and free me from this world?
Ohhhh
Running around in circles feeling caged by endless rules
Can you free me and free me from this world?
Sshhhh... Go to sleep.
