Regular on My Mind

Jim Ed Brown

She's fast on my money slow to call me honey but she's regular on my mind
She's fast on the phone mighty slow when we're alone but she's regular on my mind
I hear she's been around all over this town
Spends the good deal of time just to puttin' me down
She's fast on my money slow to call me honey but she's regular on my mind
She's heavy on the drinking awful light of thinking but she's regular on my mind
She's heavy on the showing awful light on going but she's regular on my mind
You know she's been seen round the strange machine
She's a fast movin' mama she's a lowdown mean
Heavy on the drinking awful light of thinking but she's regular on my mind
[guitar]
She's smooth on the clinch awful rough on the pinch but she's regular on my mind
She's high when she kisses awful low when she misses but she's regular on my mind
She's been seen on the sly with every available guy
Don't take much analizing to figure out why
She's tall in the light she awful short at night but she's regular on my mind
