The Blues in Black and White

Randy Travis

The writing is on the wall, baby
We're different as day and night
But I guess that I refused to face it
The blues in black and whiteWhen I got home I knew, baby
Something was wrong tonight
When I found the note you wrote ,it gave
The blues in black and white[Chorus]
Color my world without you in it
And the future don't look too bright
Darlin' its not a pretty picture
The blues in black and whiteSince you've been gone I'm going crazy
I've got to get on with my life
Maybe I'll write a book and call it
The blues in black and white
