# Walk Away

## Nelly

Somebody said that saw you walking this up alone
Switching up your hair, got your freak em dress on,
Afraid that you were fresh, like you about to perform
And I'ma .. mess I had you on my own
Wake up he was gone, I can't even blame you
Now you in the arms of a stranger,
And now I'm all alone with the same girl,
You used to feel safe now I'm danger to you
When you had to leave without a warning
Such a worry wind, I want my girlfriend
Party on ten, I can't even pretend
Now used to love me and now you wanna ..[Chorus]
And I hope you're happy
Hope you got what you wanted
Since I'm no longer wanting,
I guess, I walk away.
(Guess you got to walk away, yeah)
I really hope he makes you happy
I hope he gives you everything that you wanting,
All the things that you wanting
'bout the presence I'm holding I guess I walk away.
Guess I got to walk away yeahGirl you got me all this stressing I'm on so many could pressing
I'm switching above feeling
Hey y'all expression is new, thought you knows all up in her IQ
And I'll do right ..
Girl when a good thing, living without you
Thought I'll pay for my wrongs 'cause I ain't have enough,
Told me I'm living, I had to call you bluff,
Now I'm calling your phone, but you ain't picking up,
I should have gave you love, I should have gave you trust
And now you moved on, and you're forgetting us,
I'm singing this sad song, but you don't give a ***[Chorus]
I hope you're happy
I hope you got what you wanted
And since I'm no longer wanting,
I guess, I walk away.
(Guess I got to walk away, yeah)
I really hope he makes you happy
I hope he gives you everything that you wanting,

All the things that you wanting
'Bout the presence I'm holding I guess I walk away.
Guess I got to walk away yeah.There's nothing that hurts more than heart break
No one wants to take that phone.
You're thinking about her all day
Nothing else matter at all
And the only thing worse than her living
Is no one it's your fault.
And now I'm going through her ..[Chorus]
I hope you're happy
I hope you got what you wanted
All the things that you wanted
And since I'm no longer wanting,
I guess, I walk away.
(Guess I got to walk away, yeah)
I really hope he makes you happy
I hope he gives you everything that you're wanting,
All the things that you're wanting
'Bout the presence I'm holding
And I guess I walk away.
Guess I got to walk away yeah
