My Last Yee Haw

Cowboy Troy

If you don't know, better ask somebody
Get on the floor and grab that hottie
If you don't know, better ask somebody
Get on the floor and grab that hottie
If you don't know, better ask somebody
Get on the floor and grab that hottie
I gotta work tomorrow y'all
But tonight I'm gonna party
Like it's my last yee haw, gonna let it hang out
Like it's my last yee haw, gonna scream and shout
Like it's my last yee haw, gonna burn down the town
Like it's my last yee haw
Better hurry up, don't waste your time
You know what to do when you hear my rhyme
You're bouncin' up and down like a kid on a seesaw
Steady groovin' word to your meemaw
Right now put 'em in the air
Wave side to side, scream, "Aw yeah"
Gotta work tomorrow y'all
But tonight I'm gonna party
Like it's my last yee haw, gonna let it hang out
Like it's my last yee haw, gonna scream and shout
Like it's my last yee haw, gonna burn down the town
Like it's my last yee haw
Whatcho name is? Now don't be scared
Get on the dance floor, girl, ya heard?
Hands on your knees, arch that back
Shake that badon kadonk and make it clap
Aw now, here we go
Get on the dance floor and get low
Sweat drippin' all down your clothes
'Cause where it stops no one knows
Like it's my last yee haw, gonna let it hang out
Like it's my last yee haw, gonna scream and shout
Like it's my last yee haw, gonna burn down the town
Like it's my last yee haw
If you don't know, better ask somebody
Get on the floor and grab that hottie
If you don't know, better ask somebody

Get on the floor and grab that hottie
If you don't know, better ask somebody
Get on the floor and grab that hottie
I gotta work tomorrow y'all
But tonight I'm gonna party
Like it's my last yee haw, gonna let it hang out
Like it's my last yee haw, gonna scream and shout
Like it's my last yee haw, gonna burn down the town
Like it's my last yee haw
Like it's my last yee haw
Like it's my last yee haw
Like it's my last yee haw
Like it's my last yee haw
