The Good Old Days

The Libertines

I know Im not too much of a bargain
And you know thats not what you bargained for
As the hours turn into days
Pretty soon lost in the haze
Its up to you and me and whos to say
These could be the good old daysI like waking up after a bad dream
Makes it feel like life aint bad
Little kids go out to play
Theyre just happy its another day
Its up to you and me and whos to say
These could be the good old daysI guess I could be a quiet hero
No one knows the good Ive done
Youre not sure well thats okay
Cause I am and Im not afraid
Its up to you and me and whos to say
These could be the good old days
