

# Whisper

## Catherine

[VOICE OVER:] Softly whisper in your ear. [x9][musical interlude]Softly whisper in your ear,  
I want it all, but it's not here...  
You've changed a lot in a year,  
Bye, bye...Broken pain does never mend,  
Sadness is completely in...  
Smiley face waves,  
Bye, bye...[musical interlude]Softly whisper in your ear,  
I want it all but it's not here...  
You've changed a lot in a year,  
Bye, bye...[QUIET VOICE OVER:] Softly whisper in your ear. [x11][music to end]
