Just In Case

Paulo Mendonca

Just in case you ware another face sign these papers befor its to late
in the beginning when everythings fine you think about me baby all the time
Quarell here and a quarell there i think it happens everywhere you know
mabey one day i might fall apart so sign your name on the dotted line
Chorus:
Just in case our solid loving shakes Just in case my music never brakes
Verse2:Business business on the wall do i have the greatest power off them all
Money talks and you know what walks listen to me and i will set you free
I will protect by ruling over you figuers and numbers is nothing that you wanna do
you dont like to be dumped on and you cant cope whit all the people allways telling you what to do.
CH:
Just in case our solid loving shakes
Just in case my music never brakesVerse3:
Just in case you ware another face sign these papers befor its to late
in the beginning when everythings fine you think about me baby all the time
Quarell here and a quarell there i think it happens everywhere you know
mabey one day i might fall apart so sign your name on the dotted line
