Worst Enemy (feat. Liz Rodrigues)

Raekwon

I'm all wrapped up in shackles
I'm trying to break free
I'm my own worst enemy, me
They'll never let me by though, I'm always tryna beat
Beat my worst enemy, meAyo, a better platform for all to listen to me
We out in DC deep, ain't got no sleep
The ride bumpy, who jetted out the country to buy D
Came back, large par, ain't nothin' sweet
My dome is yellin', "Go home!" but I ain't through
So many years in my career, it's a long route
Thinkin' when Cap skinned his face on the plaster
We was dusted back then, I smoked the last of it
And jumped into the Acura, sleepin' in Sibble's, what it do?
Stew, beef, chicken, where my boo?
Had a quarrel with a hood rockstar, I broke his arm off
'Cause he was pointin' his fingers at Ivanne's daughter
What's next? Dreads want a piece of my spot
This my crib, I pay here to live, fuck you, popI'm all wrapped up in shackles
I'm trying to break free
I'm my own worst enemy, me
They'll never let me by though, I'm always tryna beat
Beat my worst enemy, meRidin' with the gun cocked, sweatin', musty tee on
Black Timb b's, 10 degrees, GG bum
Couple Ks, some had charms
I'm strictly Eagles, few suede's on
Next Friday I'm Faizon
I gotta kill this nigga's head
He probably do mine, when nobody's there
'Cause the only way to score, leave no witness
A thug on my shit list, pay him with slugs back
The slickness and remember that I built two graves
I wasn't stupid, I was ruthless
Check the bazooka crew, they bookoos
Broke the glass slammin' my rings down
That's doofus, don't mess up, you got the longest clip, use it
Yo you see 'em in the lobby, they right there
Head shots only, kill him, he right there
