

# Mia Rose

## Peter Frampton

I love to hear you talk  
I love the things you say  
I love to hear you speak, my name  
I love to spend my time  
Holding your hand in my mine  
Watching the world go by  
Through the wonder of your eyes There's a secret in your soul, Mia  
How I love to watch you grow, Mia  
Like a flower you unfold, Mia  
Beautiful Mia, beautiful Mia Don't ever be afraid  
You have a gentle heart  
You're safe because you're loved, so much  
You never come too hard  
You never have to cry  
I hold you in my arms  
And sing a lullaby There's a secret in your soul, Mia  
How I love to watch you grow, Mia  
Like a flower you unfold, Mia  
Beautiful Mia, beautiful Mia You are my angel  
Heaven knows, Mia Rose There's a secret in your soul, Mia  
How I love to watch you grow, Mia  
Like a flower you unfold, Mia  
Beautiful Mia, beautiful Mia
