I Do

Shawn Desman

Baby baby baby
I know you don't believe me
When I look at you and say
That I never felt this way
No, you're not the first one
But I swear you'll be the last one
To ever have my heart
To lie here in these arms baby

You and me, you and me
Meant to be, meant to be
It's written up there in the stars
No one else, no one else
Will ever be, will ever be
Closer to me than you are

I wanna kiss you forever
Girl what could be better,
Than a night like tonight?
I'm gonna love you my whole life
'Cause no one can love you like I do
I do, oh yeah
'Cause I do, oh oh

Baby baby baby
I know you think I'm crazy
For going on like this
But I don't wanna miss
Something so amazing
So I just gotta say it
And shout it from the roof
I'm in love with you baby

You and me, you and me
Meant to be, meant to be
It's written up there in the stars
No one else, no one else
Will ever be, will ever be
Closer to me than you are

I wanna kiss you forever
Girl what could be better,
Than a night like tonight?
I'm gonna love you my whole life
'Cause no one can love you like I do
Yeah I do

I see a church in our future
I see all of our friends
I see a smile on your face and a long white dress and a ring on your hand
I see us laughing together
See you in my dreams
I see a house full of love
Built for you and me

I wanna kiss you forever
Girl what could be better,
Than a night like tonight?
I'm gonna love you my whole life
'Cause no one can love you like I do
'Cause I do

I wanna kiss you forever
Girl what could be better,
Than a night like tonight?
I'm gonna love you my whole life
'Cause no one can love you like I do
Yeah yeah

Baby baby baby
I know you don't believe me
When I look at you and say
That I never felt this way
