# Right Here Beside Me

## Doc Walker

Here you're standing at my door again
I wish this night would never end
But now you say that you've got different plans
I still don't understandGirl, you don't have to be afraid
I'm not here to take your heart away
I got a million reasons why you should stay
I could go on and on and on all nightI don't know why you'd want to leave
'Cause I believeRight here beside me is the best place for you
The best place for you would be
Right here beside me is the best place for you
The best place for you to beYou find it hard to look me in the eye
Must make it easier to say goodbye
What would it hurt if you stayed the night
I'd love to see you in the morning lightWhen it comes to you, I cant get enough
You're all that I'm thinkin' of
If you want it, girl, you've got my love
It goes on and on and on for lifeRight here beside me is the best place for you
The best place for you would be
Right here beside me is the best place for you
The best place for you to beI don't know why you'd want to leave
'Cause I believeRight here beside me is the best place for you
The best place for you would be
Right here beside me is the best place for you
The best place for you to beRight here beside me is the best place for you
The best place for you would be
Right here beside me is the best place for you
The best place for you to be
