Oceans Apart

DJ Rankin

We were talking in a field
Feet on the ground
Though my memories often fade there
Oceans apart from where you areComedy all opinions tied
Raise your arms
And we'll lift up this sky, holding stars
Carry away there to your surpriseThe moment is eternal
If you think you want it
Moments ariseComedy all opinions tied
Raise your arms
And we'll lift up this sky, holding stars
Carry away there to your surpriseComedy all opinions tied
Raise your arms
And we'll left up this sky, holding scars
