Wishing

Electric Light Orchestra (elo)

I wish I could speak with my dog
I wish I could speak with my dog
I wish I could speak with my dog
'Cause right now it's just a monologue
I wish I could walk on a cloud
I wish I could walk on a cloud

I wish I could walk on a cloud
I sure wish cloud walking was allowed
I wish every wish would come true
I wish every wish would come true
I wish every wish would come true
'Cause it sure feels good when they do
