Frayed Edges

Morning Runner

I smashed it all up
I thought I could
Build it up all again
It will never be the same
I gotta tie all the frayed edgesAnd i pray you a thousand nights
So you can sleep
So you can sleep soundly
And i pray you a thousand lives
So you can ???
So you can ????We've gotta build u a fortress
So you can get right on boardAnd i smashed it all up
I thought i could
Build it all up again
It will never be the same
I gotta tie all the frayed edgesAnd i pray you a thousand nights
So you can sleep
So you can sleep soundly
And i pray you a thousand lives
So you can ???
So you can ????We've gotta build u a fortress
So you can get right on board
