Stay

Dave Gahan

She's softly breathing next to me
A shining angel sent to me
From where she came it's hard to say
Tiny star she guides my wayWhen we were lovers
We both discovered
Stay, you can leave tomorrow
Stay, wait until tomorrow
Please stayLiving here in shades of gray
Color she light a reason to stay
From where she came it's hard to stay
Tiny star she guides my wayWhen we were lovers
We both discovered
Stay, you can leave tomorrow
Stay, wait until tomorrow
Please stay
Please stay
Please stay
Please stay
