The End

Mcfly

Kicking off is the hardest part
Nothing's certain at the start
Letting go so something can begin
Figure out how to get a life
Leave tomorrow, live tonight
Gotta throw, throw your heart right in
'Cause we all fall down
Everybody knows the end
The curtain hits the floor
And everybody knows the end
Don't wanna get there wishing that you'd given more
It's not over, till it's over
So how do we begin?
When everybody knows the end
I need to live with nothing fixed
Don't tell me what's gonna happen next
I'm alright, I like the way this feels
Leave behind all the things I missed
The next stop isn't where you think it is
'Cause tonight, I'm riding off the rails
'Cause we all fall down
Everybody knows the end
When the curtain hits the floor
Everybody knows the end
Don't wanna get there wishing that you'd given more
It's not over, till it's over
So how do we begin?
Yeah and everybody knows the end
Is where you hope you never say
I could've done it better
And I'm gonna keep what counts
And throw away what doesn't really matter
And I wanna die
(And I wanna die)
On the highest high
(On the highest high)
It's not over
(It's not over)
Till it's over

I wanna stay here forever
'Cause we all fall down
Ohh, yeah
Everybody knows the end
When the curtain hits the floor
Everybody knows the end
Don't wanna get there wishing that you'd given more
It's not over
(It's not over)
Till it's over
(Till it's over)
So how do we begin?
When everybody knows the end
Yeah, and everybody knows the end
Everybody knows the end
