I'm waiting for you to say the words to make me stay
As you're walking out the door my heart steps on the floor
I never dreamed it'd be, you make me feel so free
I'm waiting for you to say the words to make me stay
As you're walking out the door my heart steps on the floor
I never dreamed it'd be, you make me feel so free
Sure feels like love again
I wanna feel love again
Sure feels like love again
I wanna feel love again
I'm waiting for you to say the words to make me stay
Standing here alone I should have never shown
I never should have dreamed the feelings that are free
Sure feels like love again
I wanna feel love again
Sure feels like love again
I wanna feel love again
Waiting for you to say the words to let me stay
Standing here alone I should have never shown
I never was the one to leave things so undone
Sure feels like love again
I wanna feel love again
Sure feels like love again
I wanna feel
