PacÃ-fico

Ases Falsos

They said they'd give me everything
Here's the part that made me laugh
They didn't give me anything
And then they took half of thatSo sharpen your teeth or lay flat
You said you'd play clean, oh, what a load of crap
By the time that you were through with me
I had to take a bathSo sharpen your teeth or lay flat
They said that it'd go good for me
Rain diamonds and all that
I stood out in the downpour
Getting hit by broken glassSo sharpen your teeth or lay flat
(Pacifico)
