## Radiohead

It's like I've fallen out of bed from a long, vivid dream
The sweetest flower, fruits are hanging from the trees
Falling off a giant bird that's been carrying me
It's like I've fallen out of bed from a long and vivid dreamJust exactly as I remember, every word, every gesture
Have my heart in my mouthLike I've fallen out of bed from a long, vivid dream
Finally I'm free of all the weight I've been carryingAnd as that woman blows her cover
In the eye of the beholder
I'm a fish now, out of waterFalling off a giant bird that's been carrying meI fell open, I lay under at the tip I lost your number
I wanna slip over and get back under
And if you think this is over, then you're wrong
If you think this is over, then you're wrongIf you think this is over, then you're wrong
If you think this is over, then you're wrongLike I've fallen out of bed from a long, vivid dream
Finally I'm free of all the weight I've been carryingWhen at last you'll give in
When at last you'll give inWake me up, wake me up
Wake me up, wake me up
Wake me up, wake me up
Wake me up, wake me up
