Love Is All I Had

Phyllis Dillon

There were no chains
To bind our hearts together
Love was all I had
Love was all I gaveThere were no mountains
To keep us far apart
Love was all I had
Love was all I gaveOh, what a feeling
I've had since you're gone
My lonely days are long
And my nights are blueAlways respect, my dear
It's new to you
Love was all I had
Love was all I gaveSo the people say
That our love must have been true
Love was all I had
Love was all I gaveOh, what a feeling
I've had since you're gone
My lonely days are long
And my nights are blueAlways respect, my dear
It's new to you
Love was all I had
Love was all I gaveSo the people say
That our love must have been true
Love was all I had
Love was all I gaveOh, what a feeling
I've had since you're gone
My lonely days are long
And my nights are blueLove was all I had
Love was all I gave
Love was all I had
