Shopaholic

Bis

(t-shirts, dresses, books, stickers) the bargain beauty
(seven inches, shoes, glitter) she loves the sales
(hairdye, chocolate, toys, pictures) shops for her friends
(make-up, paper, pens, knickers) shops for herselfWhen in doubt she will just get both
She's a shocking shopaholic
Lots of bags, happy all the time
She's a shocking shopaholic(computer games, notebooks, bags) draws out a plan
(videos, hairclips, sweets, mags) three for a fiver
(guitars, jumpers, cds, socks) it is so pleasing
(keyrings, jackets, lps, hats) tension releasingI've been a happy consumer since 1989
Tell me when the sales start
Yes I'm always on time
I've got a mind like elastic
But I'm first in line
You know I have to buy, I need consoling
