I Like It

Dixie Chicks

Some people think I'm crazy
Try to understand
I get satisfaction
Of everything I canLosers and the winners
Laughter and the tears
Noises of the day to day
Is music to my ears
And I like it yeah, I like it, whoaGonna live it up this time
And dance like the song is never ending
Gonna get so high tonight
You won't be able to bring me down'Cause I like it
Yeah, I like itDrivin' down the highway
Wind is in my hair
And if I hit a traffic jam
I swear that I won't careLivin' the lows
High's that much higher
Sun will shine through
Smoke and fire of love
Whoa, love, whoaGonna ride this merry-go-round
And dance like the night is never ending
Gonna get so high on life
You won't be able to bring me down'Cause I like it
Yeah, I like it
Oh, baby, I like it
Whoa, I like itA sea couldn't wash away
The happiness I've come to find
Since love has taught me how to break
Break these chains that hold me backNoisy streets and the sleepy bars
And the neon signs, and the rusty cars
How many nights have I wondered how
One goes through life without seeing the beauty of love?
Whoa, the beauty of love, whoaGonna live it up in this town
And dance like the song is never ending
Gonna get so high tonight
You won't be able to bring me downAnd I like it
Yeah, I like it
Whoa, baby, I like it
Oh, yeah, I like itI like it
Whoa, like it baby

Whoa, like it, like it
Whoa, like it, whoa
I like it
