Lies

Camel

Tell me no lies, has peace arrived?
Or, is this some kind of joke?
What a surprise, you don't realize
There's some things you don't ownCan you disguise, can you simplify
This change you put me through?
Can you revive and will I survive
This life you've brought me to?Can you disguise, can you simplify
Oh, this change you put me through?Tell me no lies, has peace arrived?
Or, is this some kind of joke?
