Vision Incision (Midfield General Shorter Mix)

Lo Fidelity Allstars

I've been shot right out the sky
Navigating miles high
I'm just a ray of sound
Yeah look what I found
On my brand new journey into sound
I know you'll find piece of mind
On my Punk Paste race into space
I'm the silver surfer hearin' lucifer
Lay on the ground and nobody dies
Paradise is the place where the devil does his damndest
I'm the catalyst
A psychedelic twist
Like a dynamite reefer
I'll make you sweat and curse
As we travel at magnificent speeds around the universe
Lets travel at magnificent speeds around the universe
I'll keep travelling
Chasing the shadows
This ain't a game
We're coming by stealth
You know I got wealth
Brain carnage self
THERE'S no return
Speeding neck and neck with my own vision
Real clean incision
We'll be dancing frenzies
Slaughters visions
I'm a hot wet dripping psychedelic incision
Zeroes pure vision
This is stranger than fiction
A greater addiction
We'll never wish to never recover
I'm a skunk of a different stripe
And tonight
I'm gonna take flight
I'll take you on a journey into tomorrow
And together we'll banish all pain and sorrow.I'm just a ray of sound sound
A ray of sound
Just a ray a ray a ray a ray a ray of sound

I'm just a ray of sound sound
A ray of sound
A sound sound sound sound a ray of sound
