Punx 'n' skins

Oi Polloi

Oi! Oi! Let's go!
We're here to play Oi! Oi! music for you
And in return here's what we want you to do
Come to our gigs - dance but don't fight
Punx 'n' skins unite! unite!UNITE AND WIN - PUNX 'N' SKINSDo you like our country being run this way?
Doyou like the government? And doing what they say?
Punx 'n' skins together we'll put things to rights
So unite now and put an end to the fightsNo punx versus skins no us versus them
If we stand together we'll beat the system
Punx 'n' skins united - You know that it's right
Unite now - Can you see the light?Oi Rat! Punx 'n' skins have got to unite eh?
Yeah, too right mate
Aye, 'cos if we're united then we can fight back
Against the system eh Ken?
And against government oppression
Yeah that's right - Oi! fancy coming down the pub
For some lager top?
Well I wouldn't mind a pint of merrydown myself
Yeah - And some dry roasted peanuts full of
Mother nature's protein
That's if we don't get lifted on the way down there
What?
Like we might get done by the pigs on the way down
Oh yeah too right mate
Ruin a good night's drinking
Aye
Let's go then...
