Break Down

íƒœì–‘

I found your note this mornin', I didn't want to know
I locked the doors around me and tried to let it go
But I think back to yesterday, to when I had a home
And I, oh, oh, I break down
Oh, oh, I, oh, oh, I break down
I wish it could be different and we hadn't gone so far
And I could show my weakness, then you wouldn't be so hard
Every time you walk away, now I fall down and I crawl
Oh, oh, I, oh, oh, I break down
Oh, oh, I, oh, oh, I break down
Catch me, I'm fallin', I believe I'm fallin'
Catch me, I'm fallin' right down
Catch me, I'm fallin', I believe I'm fallin'
Catch me, I'm fallin' right down
I'm scared to let you hold me, I'm scared to let you go
I'm scared that you might know me in a way I'd never know
Every night I steal away but comin' back's so hard
Oh, oh, I, oh, oh, I break down
Oh, oh, I, oh, oh, I break down
Catch me, I'm fallin', believe I'm fallin'
Catch me, I'm fallin' right down
Catch me, I'm fallin', hear me I'm callin'
Catch me, I'm fallin' right down, right down
