Oh Juliet

Joel Crouse

A couple of drinks makes it all so easy
Strangers become lovers every night
I could tell youâ€™re wounded because you cry so freely
As you tell your story with those lonely eyes

Oh Juliet, Youâ€™re so beautiful and yet
I donâ€™t have the heart to break your heart
I canâ€™t believe Iâ€™m saying this
'Cause I can almost taste your kiss
But I canâ€™t finish what you want to start
Oh Juliet, stay innocent

Youâ€™re looking at me like I must be crazy
'Cause you know I know how good this would be
For a superman or a savior youâ€™re a sweet dream
How about I start by saving you from me

Oh Juliet, Youâ€™re so beautiful and yet
I donâ€™t have the heart to break your heart
I canâ€™t believe Iâ€™m saying this
'Cause I can almost taste your kiss
But I canâ€™t finish what you want to start
Oh Juliet, stay innocent

I canâ€™t believe Iâ€™m saying this
'Cause I can almost taste your kiss
But I canâ€™t finish what you want to start
Oh Juliet, stay innocent
Oh Juliet
