Mangos

Machito

Mangoes, papaya, chestnuts from the fire
In my house of straw I have so much more
Pie from the peach and I fix in the kitchen
Each bite is just right for your appetiteNow if you like-a the way I cook
And if you like-a the way I look
Then step inside my shady nook
And you'll find mangoes and papayas, anything your heart desiresMangoes, papaya, chestnuts from the fire
The food is so good, you will want to stay
Eat up and drink up and maybe you'll think up
The day when we say preacher man okayNow if you like-a the way I cook
And if you like-a the way I look
Then step inside my shady nook
And you'll find mangoes and papayas, anything your heart desiresMangoes, papaya, chestnuts from the fire
The food is so good, you will want to stay
Eat up and drink up and maybe you'll think up
The day when we say preacher man okay
It's alright, it's alright
