I'm Comin' Home

Crystal Nicole

Woah Oh oh
Oh woah woah

The grass is always greener,
In the place you water
Gave my heart to another
But didnâ€™t notice the drought at home
While I was out here lying,
Promises were dying
Out here living dreams, chasing things
While you were here all along
Gave you everything you need
Money was no object
But it never occurred to me
My love was all you wanted

What I know now, where I belong
Iâ€™m packing my bags and Iâ€™m coming home
I know you been alone, loving my shadow
But Iâ€™m catching this cab and coming home
I know I donâ€™t deserve you
Took you for granted, I never planned it
But I see now, where I belong
And Iâ€™m coming home

Woah oh oh
Im coming home
Ohhh

The sound of your heartbreak
Keeps ringing in my ears now
The fussing, cussing, arguing every day
Is beating like a drum in my chest
While I was living fairytales
Oh you were here in this hell, yeah
I thought the treasure was out there
When all along it was right here

What I know no, where I belong now
Iâ€™m packing my bags and Iâ€™m coming home

I know you been alone, loving my shadow
Iâ€™m catching this cab and coming home
I know I donâ€™t deserve you
Took you for granted, I never planned it
But I see now, where I belong
And Iâ€™m coming home, oh oh

(Choir) Coming home
Coming home, Yes I am Yeah Oh
(Choir) Coming home
Iâ€™m coming home, Woah woah
(Choir) Coming home
Iâ€™m coming home
(Choir) Coming home
Yeah Yeah Yeah
