In Corsica the engines blew
Your favorite writer died
In a car, in a crash
Died in a fire, imagine thatIn a car, in a crash
Die in a fire, imagine that
Engine, engineerThe fire blew the balls main out
It was likened to a whistle spout
Hitch a ride, hitch a ride
Your favorite writer diedEngine, engineer
Peaceful pioneers
Who hold meIn Corsica the engines blew
Your favorite writer died
In a car, in a crash
Died in a fire, imagine thatEngine, engineer
Peaceful pioneers
Who hold me
Well, there I'm one stop short
For leaving hereEngine, engineer
Peaceful pioneers
Who hold meAngel, engineer
Peaceful pioneers
Who hold me
Well, there I'm one stop short
For leaving hereAngel, engineer
Peaceful pioneers
Who hold me
