Kinderwhore

Shabutie

Feed us, tease us
I've got this power in my genitals
Let me go on for
Tease me, I'll stand high
Attention deficit
Don't pull short of what I'm nearI will tease herBeautiful, a tease, yea.
Can your dick support your body weight?
Turn round and let me show you what I mean
Yea, yea, ..?
I've played with other girls
But Kinder is my whoreI will tease her
I'm more and more, of yours
And I'll wait, ah-hai
And I'll wait, ah-hai
And I'll wait, ah-hai
Cause I'm not afraid, tease her
You've got the best of me, yeah
Figured out
Cause I'm not afraid, tease her
You've got the best of me, yeah
Figured outPull!I went, I went to the bottom,
I slip, for me it's you
Oh sweet, as papa's girl should be
Oh shit, what have I found?I twisted
And my arms hurt
And I took down
Oh yeah to the bottom
Do I scare you?
Well I should be
(Its broken) I bore themYou know youll break in scaredom
You wont fight when your sore
Come on you have to break that change
Youll slip when your sore
Get up, arent your arms still working?
Youll slip when your sore
Come here I could use that again...
