Heartbreaker

Natalie

Heartbreaker
Please take a step away from me
Don't wanna give it to you
Heartbreaker
Please don't take my song
Ooh, don't wanna give it to youBaby, you kinda cute
I love your body language
Ooh the way you move
You got me kinda anxious
You know that I know the way you get around is something so outrageous
Ooh, ooh, ooh, ooh, something so outrageous
Ooh, ooh, ooh, ooh, my heart just can't take itHeartbreaker
Please take a step away from me
Don't wanna give it to you
Heartbreaker
Please don't take my song
Ooh, don't wanna give it to youHeartbreaker
Please take a step away from me
Don't wanna give it to you
Heartbreaker
Please don't take my song
Ooh, don't wanna give it to youHow much longer can I keep on wantin' the same guy
He puttin' on a disguise
I wanna see what he's like
But the truth behind cunning guys
You never know what just might made him get a try
But I'm afraid I'm just blind
He hit me with a potion
He makes me move in slow motion lately
His love is a commotion, he breaks me
All it took was one shot
He loves me hazyHeartbreaker
Please take a step away from me
Don't wanna give it to you
Heartbreaker
Please don't take my song
Ooh, don't wanna give it to youHeartbreaker
Please take a step away from me
Don't wanna give it to you

Heartbreaker
Please don't take my song
Ooh, don't wanna give it to youTell me what to do
I could go find another
All because of you
I'm hangin' on forever
'Cause you got what I want
Something that I need to make me feel betterOoh, ooh, ooh, ooh, make me feel better
Ooh, ooh, ooh, ooh, but I don't wanna let himHeartbreaker
Please take a step away from me
Don't wanna give it to you
Heartbreaker
Please don't take my song
Ooh, don't wanna give it to youHeartbreaker
Please take a step away from me
Don't wanna give it to you
Heartbreaker
Please don't take my song
Ooh, don't wanna give it to you
